

Lean Production & Lean Office Simulations

Pragmatek's 'Demonstration' Service That Stimulates Continuous Improvement

HOW IT WORKS

- ◆ Lean eliminates waste to improve productivity, reduce costs and respond faster to your internal and external customers.
- ◆ **Lean Production Exercise** simulates Lean principles in your Make-to-Stock, Make-to-Order or Assemble-to-Order environment.
- ◆ **Lean Office Exercise** (transactional) simulates lean principles in Customer Service: from Sales Quotes to orders for Standard/Custom products..
- ◆ Pragmatek can help you jumpstart efforts in areas where Lean has been slow to take hold.

WHAT'S YOUR BUSINESS PAIN?

- ◆ Are you dissatisfied with productivity improvements?
- ◆ Are administrative costs too high?
- ◆ Are processes delayed when key people are out, or by lack of necessary information?
- ◆ Are customers demanding shorter turnaround times or improvements in service levels?
- ◆ Has rapid growth created a bottleneck or quality issues?

Lean addresses all of these concerns...and more.

WHY SHOULD IT MATTER TO YOU?

Lean principles reduce costs and help you respond to customers faster. Frequently implemented in manufacturing operations, Lean works just as well with front and back office processes.

*Dogged Determination
for Tough Jobs*

"Improve productivity by 10 - 30%, reduce process turnaround time by up to 80% and free up cash."
