

## SCOR®: Supply Chain Operation Reference Model

Pragmatek's "Strategic Process Improvement" Service That Delivers Superior Financial Results

### HOW IT WORKS

- ◆ SCOR® applies a process reference model to assess and improve your supply chain.
- ◆ SCOR® benchmarks your performance against your competition and best practices.
- ◆ SCOR® identifies and prioritizes a portfolio of projects that drive multi-million dollar P&L impact.
- ◆ SCOR® breaks down functional silos to link your strategic objectives with high-impact initiatives.
- ◆ SCOR® serves as a roadmap for getting **better results from Lean Six Sigma** initiatives.

### WHAT'S YOUR BUSINESS PAIN?

- ◆ Do you lag your competition in benchmarks for cost, quality, delivery, or customer service?
- ◆ Is your company underperforming in markets or channels that you serve?
- ◆ Are your overhead expenses growing faster than revenue?
- ◆ Do you need to improve delivery, responsiveness, flexibility, cost, inventory or asset utilization?
- ◆ Do you need to improve profitability or reduce working capital?

*SCOR addresses all of these concerns...and more.*
